and what have you

by BOB CRAIG

Tickets to the annual Board of Community Development's Banquet went on sale around town this week, with the banquet scheduled for a week from Friday. I hope that more of the town's people will attend this important function this year than have in the past.

Last year there were less than 300 at the banquet and probably more than half of these were from out of town. This is pitiful.

Surely there are more than 100 couples out of a population of nearly 4,000 that are interested in the future of Hamlin.

This is the only public meeting of the year for the BCD and the public's only opportunity to show the newly elected officers that they are interested in what they are trying to do and don't expect them to go it alone.

Besides being so discouraging to the elected officers of the organization, a poor attendance on the part of the townspeople gives the out of towners a very bad impression of our civic spirit.

So if you have any pride at all in Hamlin please make every effort to attend the banquet a week from Friday at the high school gymnasium—you might surprise yourself and have a real fine evening.

Because my wife's birthday is some three months before mine our two older kids and I have always kidded her about being the oldest. But I think our four-year old son, Ricky, put a stop to it the other day when he wanted to know if we were in the same Sunday School class. When he found out that we were not, he had it all figured out and concluded that it was because his mother was the oldest.

After the look I got I don't believe the subject will be brought up again for some time to come.

Did you ever wonder why most editorial writers always write in the third person, using WE instead of I?

According to "usually reliable sources" the editorial WE originated over 100 years ago. Here is the accepted reason, handed down through the years:

"An editor is one who reads newspapers, selects miscellany, writes articles on all subjects, sets type, reads proof, folds papers, and sometimes carries them, prints job work, runs errands, cuts wood, works in the garden, talks to all his patrons who call, patiently receives blame for a thousand things that never were and never can be done, gets little money, has scarce time and materials to satisfy his hunger, or to enjoy the quiet of nature's sweet restorer, sleep, and esteems himself peculiarly happy if he is not assaulted and battered by some unprincipled demagogue who loves pennies and hires the rabble with a treat of cider brandy to vote him into some petty office."

A man who does all this and more, not here recorded, you will know must be a rather busy animal; and as he performs the work of so many different persons, he may justly be supposed their representative and to have an indisputable right, when speaking of himself, to use the plural number, and to say 'we' on all occasions and in all places."

Many Area People Have Checked on Social Security

364 persons in and around Hamlin took pains in 1962 to find out for sure about their rights and responsibilities under social security, according to Mrs. Fay Ford, field representative from the Abilene district office who visits Hamlin regularly.

Mrs. Fay Ford knows the above because she had that many personal interviews on her 1962 visits, with 101 claims applications for retirement, disability, or survivor benefits being filed with her.

She suggests that every person past the age of 62 who has not already checked up on potential social security checks, as well as those of any age under 65 who have become so severely disabled that they are unable to do any substantial gainful work, make certain to see her on one of her future visits here. The next such visit will be on January 22, 1963, at 10 o'clock at the Fire Station.

HAMLIN AND JONES COUNTY EACH SHOW 3 PER CENT GAIN IN BUSINESS POPULATION IN 1962

Business Population in Jones County up 3 per cent.

Today, Mr. A. J. Hemphill, district manager of the Fort Worth office of Dun & Bradstreet, Inc., announced state-ment requests were mailed to 349 businesses in Jones County. He said figures obtained from a physical count of the Dun & Bradstreet Reference Book for January, 1963, totaled 349 manufacturers, wholesalers, and retailers in this area as compared with 339 in January, 1962—an increase of 3 per cent for the period.

According to Mr. Hemphill, each January business concerns in all parts of the United States are asked by Dun & Bradstreet for copies of their financial statements. This year requests are being sent to approximately three million business concerns—the corner grocery store worth a few thousand dollars as well as to businesses worth millions.

The Dun & Bradstreet Reference Book lists those manufacturers, wholesalers, and retailers who seek or grant commercial credit but it does not include some of the service and professional businesses such as beauty and barber shops, security dealers and real estate brokers. Therefore, the figures for total business in the United States would be higher than the three million quoted above.

During the past year, Hemphill added 276 changes were made in the Dun & Bradstreet Reference Book Listings of Jones County businesses, in-

cluding 77 names added, 73 names deleted, and 126 changes in the ratings of continuing businesses. The changes occurring in Jones are lower with the rest of the country where a change of business significance is counted about every five seconds.

Using the Dun & Bradstreet Reference Book listings as a guide, it is interesting to review what has happened in the principal Jones County communities during the past year:

	Jan. '63	Jan. '62	%
Anson	78	74	5
Avoca	6	5	20
Hamlin	93	90	3
Hawley	5	6	-17
Lueders	21	19	11
Stamford	146	145	1

Mr. and Mrs. Juan P. Barrera are parents of a baby girl, Maria, "De" Jesus. She was born January 2 and weighed 6 lbs. and 4 oz. Grandparents are Guadalupe Villa and Esteban Barrera of Old Mexico.

Mr. and Mrs. Pete Batello of Aspermont are parents of a new baby girl. She was born in Hamlin Hospital January 8 and weighed 5 lbs. and 11 oz. Grandparents are Hazelle Fountain of Edina, Mo., and Treasa Batello of Donna, Texas.

Mr. and Mrs. Peter Gonzales of Tuxedo are parents of a baby boy, Sibefred. He was born here January 6 and he weighed 7 lbs. 14 oz. Grandparents are Inocencio Mises and Adelfo Gonzales, both of La Villa, Texas.

When the owner or officer of a business enterprise, or his accountant, fills in and mails his financial statement to Dun & Bradstreet, it becomes a part of the credit report on his business and a factor in determining the credit rating of his business. Mailing the statement, rather than waiting for the Dun & Bradstreet reporter's call means a concern's important suppliers will quickly have the latest facts on which to make credit and sales decisions. When the Dun & Bradstreet reporter receives a business man's financial statement in advance of his periodic call, he can make a more detailed analysis of the financial condition of the business and discuss its operation more intelligently.

Back of each listing of a business in the Reference Book is a Dun & Bradstreet credit report. The report includes the following: a history of the business (who owns it, who runs it, and how long it has been operating); a description of what the business does and how it does it; a financial section which usually includes the latest financial statement; and a record of how the business pays its bills.

While credit reports are primarily used by business men who want to evaluate the credit risk of a business before buying or selling, insurance underwriters also use credit reports to review risks, rates and coverage for fire and other types of insurance.

Mr. Smith lived on route 1, McCaulley, and had lived in the Swedonia Community since the age of six. He was found dead on his farm about 2:20 p.m. Saturday. Death was apparently from a heart attack. Born July 12, 1904, in Terrell, Mr. Smith came to the Swedonia Community with his parents, Mr. and Mrs. P. E. Smith, in 1910.

He was married to the former Opal Bailey at Swedonia, Dec. 24, 1933. He was a member of the First Baptist Church of Hamlin.

Survivors include his wife, one son, Jerry Glenn of Lubbock; one daughter, Mrs. Benny (Annette) Watson of Hamlin; four brothers, Edwin and Bill of Hamlin, Elmer of Houston; Elvin (Bud) of Lubbock; three sisters, Mrs. Anna Mae Childress of Abilene; Mrs. Virgie Chance of Tyler and Mrs. Raleigh (Beuna) Reynolds of Hamlin; three grandchildren.

Local District Now Taking Annual School Census

Each school district in the State of Texas is required to take school census of all children between the age of six years and eighteen years as of September 1, 1963. The month of January is designated as the month that the census must be taken.

The Hamlin Schools have begun this task and will appreciate the help of all parents in the community.

The six year olds who are not going to school but will be in school next year are the children most difficult to enumerate for the school census. Parents who have children that fall in the above category, please help get your child on the census. It is necessary for the six year olds be on the census before they can attend school next year.

Rev. T. M. Harrell Accepts Pastorate of Kennedale Church

Rev. T. M. Harrell, pastor of the North Central Baptist Church for nearly four years, has resigned to accept the pastorate of the First Baptist Church of Kennedale, near Ft. Worth. His resignation will be effective Sunday, Jan. 13. He and his wife and son, Don, will move some time next week.

The Harrells moved to Hamlin in April, 1959. At that time there was no parsonage. During Rev. Harrell's tenure, a house has been remodeled and made into a parsonage and much work has been done to the church plant.

The interior of the educational department of the main church building was remodeled and an adjoining building is nearing completion. The new structure will include classrooms, an assembly room, and bathro-om. The interior is of textured sheetrock. The exterior will be brick when completed.

An increase in the average attendance from the mid-70's to over 100 has been noted since Rev. Harrell came to the Hamlin church.

The church at Kennedale is located on Highway 287, near the city limits of Fort Worth.

Their son, Don, is a junior high student here and has been a member of the corner section of the band for several years. The Harrells have two married daughters. One of the daughters, Mrs. J. W. Graham, Terry and Joel lived with the Harrells while Mr. Graham was serving time in the Army. The Harrells plan to move to Dallas next month.

BROTHER HELD— HAMLIN WOMAN IN 'FAIR CONDITION' AFTER SHOOTING

A negro woman identified by relatives as Bobra Janet Ellis, about 22, was shot at her home in Southeast Hamlin, Tuesday, just before noon. She was reportedly shot seven or eight times. After being taken to Foster Funeral Home ambulance, she was then taken to Hendrick's Memorial Hospital in Abilene where she was reported in fair condition Tuesday night.

Dave Sparks, city patrolman, investigating officer, went to the scene after being summoned by neighbors. He said he

was met by the victim's brother, a 29 year old Negro, who had a gun drawn against him. The man is being held in connection with the shooting in the Anson County Jail.

In trying to retrace the incident by reports of neighbors and relatives, the police surmise that the victim was in the backyard of her home feeding rabbits, when her brother, who lives next door north, started shooting at her from the back of his home.

Police Chief Chapman said that 17 empty cartridges were found at the scene. There were 13 from a .22 rifle and 4 from a .45 automatic pistol.

Sparks said the woman was wounded at least "seven or eight times."

Sparks said the man being held had made an oral statement but had not signed a statement late Tuesday.

A hospital spokesman at the Abilene hospital said the woman had been identified as Mrs. Welford Bussey. (They explained that the woman apparently had been married previously). She is being treated for gunshot wounds to both forearms and the chest. She also has lacerations about the face, the spokesman said.

Local Fire Chief, C. L. White, Re-Elected Thurs.

C. L. White was re-elected Fire Chief of the Hamlin Volunteer Fire Department at the annual election held Thursday evening in the Mid West Co-operative Oil Mill Guest House.

Murphree, second assistant chief; Bill Harrison, president; Ellis West, vice president; Ewell Mackey, secretary; Bill Thompson, assistant secretary; Edd Branscum, first captain; Bill Early, second captain; Larry Early, mascot and Rev. TELEPHONE TALK

by Roy Eury, Manager

AND NOW IT'S 1963

Do you ever get the feeling the years are going by faster than they used to? Seems as if I'd hardly become acquainted with 1962 when 1963 came barging in.

Personally, I'll miss 1962. It was a good year, but I know in time I'll get to know 1963 and like it just as well. A new year, like a new pair of shoes, takes some getting use to.

LOOKING BACK

In the telephone business, there's not much time for looking back. There's too much ahead.

Still, I'd like to tell you a few highlights of 1962 as I saw them from my job with Southwestern Bell.

The most spectacular telephone news in 1962 was—you guessed it—Telstar, the world's first active communications satellite. If ever there was a doubt about which nation leads the world in modern communications—Telstar settled that issue with a bang.

Not all telephone progress in 1962 was as dramatic. Many unspectacular—but vitally important—advances were made in providing you with better service.

For example, we worked hard on stormproofing the long distance network by placing more telephone cables underground and using more microwave radio relay. This helps us beat the weather by providing insurance against breaks, leaks and other malfunctions.

Another project was our cable "pressurization" program. Dry air is pumped through telephone cables and helps keep moisture out if a cable develops a leak. Also, the reduced pressure helps us spot the trouble and fix it—usually before it affects your service.

Another big improvement in 1962 was the addition of many tiny voice amplifiers to our telephone lines. These "voice boosters" put new pep in your phone. Whether you telephone across town, across the state, or across the nation, your voice comes through clear and strong.

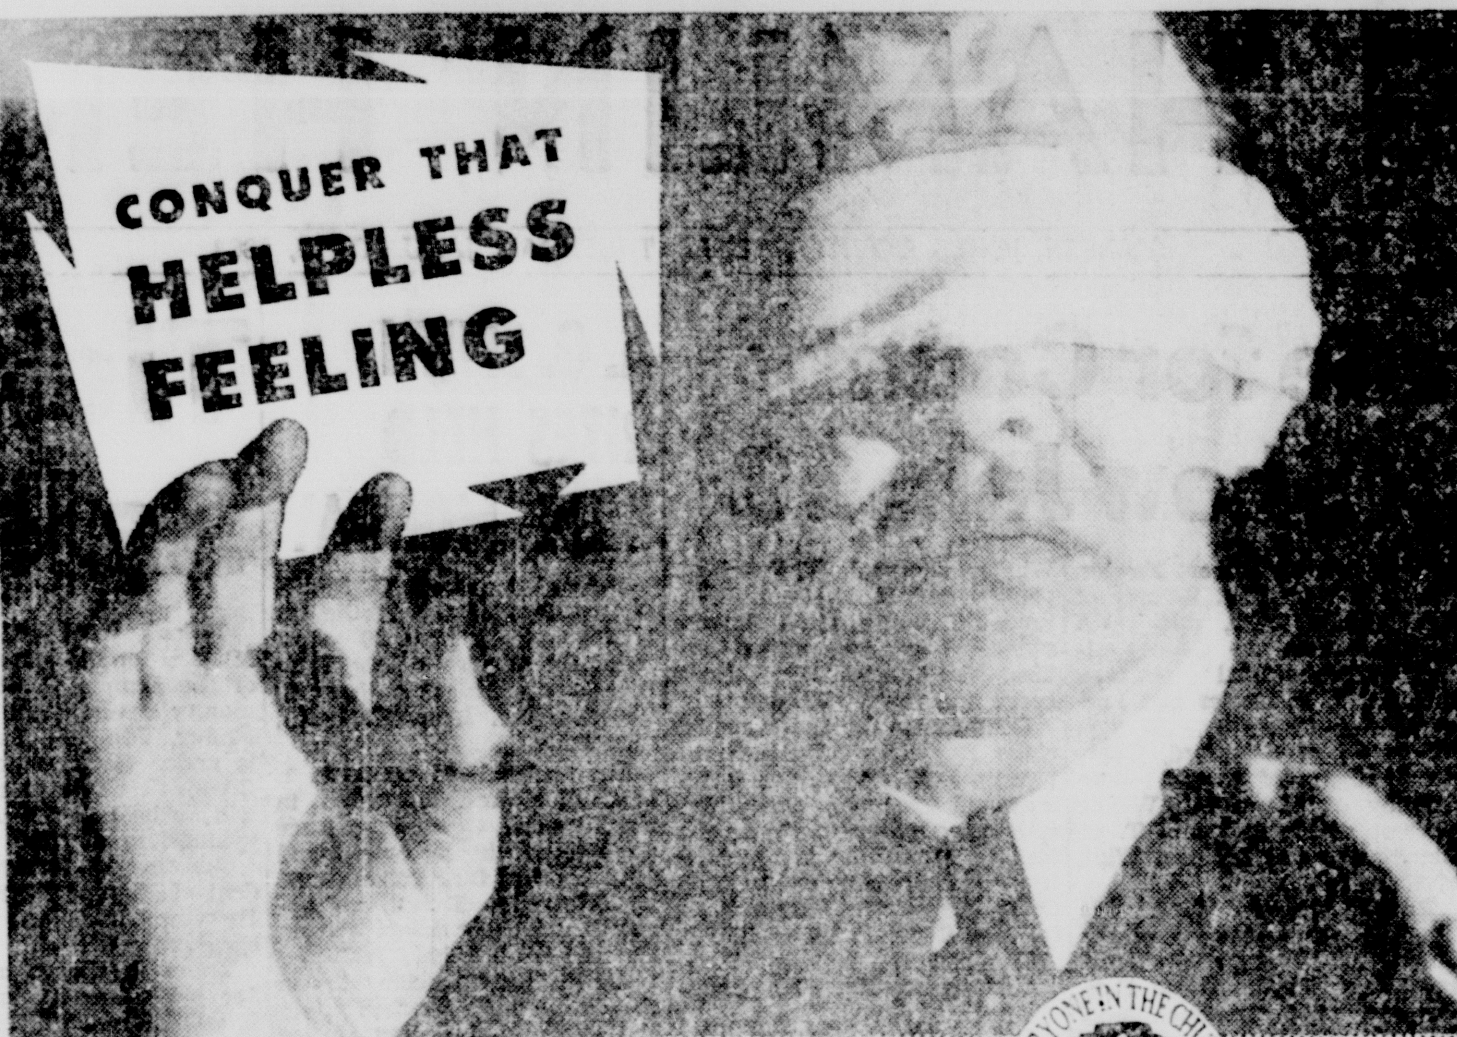

In Hamlin, telephone progress was made in 1962 with the addition of 397 more telephones here. This means you can now reach more people with your telephone—making your service more valuable to you than ever.

ONE LAST THOUGHT...

Our never-ending goal is to improve your telephone service and make it more valuable to you. And a happy 1963 to you from all of us at Southwestern Bell!

Call by number. It's twice as fast.

SOUTHWESTERN BELL TELEPHONE COMPANY

CONQUER THAT
HELPLESS
FEELING

At this time we are living in a world full of tension. Fears of nuclear war are with us every day. In times past, men have made one of two choices...to rely on their own abilities...or to do what they can and place their lives in the hands of the Lord. The Bible tells us how men fared with the choices that they made. The strength of God is sufficient for all our needs, and men who humbled themselves and trusted in God always fared better. Let us judge our future by the past and rely on God for our needs.

ATTEND CHURCH SUNDAY

© Coleman Adv. Serv., P. O. Box 4887, Dallas, Texas

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny, the truth which alone will set him free to live as a child of God.

perment for a "Dutch Treat" Luncheon with the Aspermont members as hostesses. There were twenty members present from Aspermont, Old Glory, Rule, Munday and Knox City. Mrs. Thelma Smith was program director. Presentation of "Famous Women" was most enjoyable as the members each did a charade, skit, or gave clues for their character and the other members guessed her name. Mrs. Alice Partridge conducted a "Quiz Study" of the Constitution. Mrs. Mary Martin led the group in the singing of two songs. President, Mrs. Maxine Klump, presided and secretary, Mrs. Sude Cash read the minutes. The next meeting will be February 2 at Munday.

Attending the Beta Chi meeting from Old Glory was Mrs. Maxine Klump, Mrs. Vera Beil, Mrs. Johnny Pumphrey and Mrs. Mary Jo Leverett.

Billy Wendeborn had the misfortune of breaking both bones in his lower right arm on Wednesday, December 26. He was hospitalized several days at Stamford. The accident resulted when he was attempting to crank his tractor to grind feed for his cattle. It was the third time the same arm had been broken. We regret to hear of this misfortune. The Old Glory folks hopes this finds Mr. Wendeborn improving rapidly.

Mr. and Mrs. J. C. Gholson and Linda and Clifford entertained Saturday night in their home in Old Glory. The "House Warming" event included the following guests: From Aspermont, Mr. and Mrs. Bill Hawkins, Mr. and Mrs. Evan Gholson, Mr. and Mrs. Melvin Lewis, Mr. and Mrs. Ish Hahn and Mrs. Lambert. From Sagerton, Mr. and Mrs. G. W. LeFevre, Mr. and Mrs. Johnny Spitzer and family, Mr. and Mrs. Glenn Quade and boys, Mr. and Mrs. Joe Ray Baitz and Mike Summers. From Old Glory, Mr. and Mrs. Bill Tipton and Pattie Bradshaw. Refreshments of cakes, cookies, coffee and cokes were served. Gifts brought by the guests were opened by the Gholsons.

Mr. Louis Ashborn is presently residing in Haskell at a rest home. The condition of his health made it necessary for him to be located where nursing care is available. The condition of Mrs. Ashborn who is in a hospital in Wichita Falls is much improved according to reports. The community misses Mr. and Mrs. Ashborn. Mr. Ashborn, though almost blind, has been an avid gardener and his potato crops have been the envy of his neighbors for years.

FAIRVIEW NEWS

By MRS. ELMER JOINER
Rex Jones and children.

Mr. and Mrs. Clois Henry and children flew over from Snyder Sunday afternoon to

Another new year has rolled around since writing the news last time. The old one with all its joys and troubles is past history, what the coming year holds for all of us is any one's guess, all we can do is live in anticipation of something good. Never hoping for the bad things, even though they do come our way sometimes.

The farmers are still very busy pulling cotton, although some have completed harvesting their crop. Some made a good crop, some made a fair crop and some made one like Mr. Joe Ford. He reports that he had his cotton stripped last week and carried 8872 pounds of cotton, or bolls, to the gin and only got nine hundred pounds of lint, and that was a big part of his whole crop. It looks like that boll weevil that was looking for a home, must have really brought his family and moved in on him.

Mid week services at the church were resumed last week after missing for the Christmas holidays the week before. Although there were only eleven present, we had a good time singing any way. There may not be any Bing Crosby or even Elvis Presleys in our group, but we have fun doing what we can, and we all decided it sounded pretty good.

Rev. Derrel Lewis was in Lubbock last week and visited with Mrs. Lewis' father, Mr. J. W. Ray, who is ill in the hospital.

Mrs. E. A. Henry visited with Mrs. Elmer Joiner Tuesday morning. She was still up in the clouds over their very nice Golden Wedding celebration, held in Snyder the Sunday before.

Mr. and Mrs. Jimmy Joiner and children came over from Stamford, to spend New Year's with his parents, and to do some carpentering for his mother. They came back Saturday and spent the night, having finished the work that afternoon and night.

This reporter should be able to make a New Year's resolution that she won't add to or take out any thing else in her house this year, for after nine years of changing I do believe I am satisfied with the way it is now.

Mr. and Mrs. Winson Gray and Dorothy, ate lunch with the Woodrow Goodwins Sunday.

Mr. and Mrs. Mel Jones visited in Abilene Saturday night with their son, Mr. and Mrs.

Rebecca Ferguson, Kenneth Prewitt Plan Wedding

Mrs. Thomas Ferguson is announcing the forthcoming marriage of her daughter, Rebecca Ann, to Kenneth Burt Prewitt, son of Mr. and Mrs. L. E. Prewitt.

The couple will exchange wedding vows Friday, January 25, in the Chapel of the First Baptist Church.

A 1960 graduate of Hamlin High School, Miss Ferguson was active in basketball. Future Homemakers of America and was selected as Homecoming Queen. She attended Texas Technological College, Lubbock.

Her fiancé, also a graduate of Hamlin High School in 1960, was active in football, president of the Student Council and was named Football Hero.

Both are now enrolled in McMurry College in Abilene.

Henry Albrittons Win Bridge Meet

Mr. and Mrs. Henry Albritton were first place winners at the regular meeting of the Hamlin Duplicate Bridge Club Tuesday.

Second place winners were Dr. and Mrs. M. L. Smith with Mrs. Jack Russell and Mrs. Dan Gallagher coming in third.

Everyone is invited to the next meeting Tuesday at 7:30 p.m. in the Old Mill Guest House. This will be Master Point night.

Texas Jaycees Awarded Plaques For Project

The Allstate Insurance Companies honored a state-wide organization and a well-known safety expert in Grand Prairie this week (last week) for their mutual interest and activity in encouraging better traffic safety for Texas. The organization was the Texas Junior Chamber of Commerce, headquartered in Grand Prairie, and Bill Leonard of the Southland Corporation, Dallas.

Allstate, represented by officials from the Houston and Dallas Regional Offices, presented Certificates of Commendation simultaneously to both Leonard and the Texas Jaycees.

visit with his parents, Mr. and Mrs. E. A. Henry. Mrs. Mary Sue Henry of Rule, also was a guest, having come to eat lunch with them.

Rev. and Mrs. Derrel Lewis and children also ate lunch with the Henry's Sunday.

Sunday afternoon, the Lewis family, Goodwins and Grays all attended the singing at

Hanna.

Visitors in church Sunday morning were, Mr. and Mrs. Jackie Nichols and children, from Tye, accompanied by his mother, Mrs. Hester, who was visiting them from Arkansas.

News cut this way is very scarce as about the only news one had was going to the gin and back or stripping cotton.

It is good to have it to gather, but all will be happy to finish the chore.

Fairview church has some very undesirable occupants, the coons have taken up abode in the attic, and are making a nuisance of themselves, Sunday night a committee was elected to investigate the possibility of getting rid of them, so if

you have any good coon dogs or know any way of getting rid of them contact Fred Rosenbaum, he will be glad of your help. Seriously, they are proving a problem and unless they are eradicated and the places they enter are fixed, there is no telling how many will finally be there.

We are sorry to report that

Mr. Wainscott at last report was not doing as well. It was considered bringing him home until he took a turn for the worse, so they had to abandon the idea. He has been begging to come home, but when we are ill we don't always know what is best for us. Our sympathy as a whole community, goes to him and his family.

Texas teachers leave the profession at the rate of 6,000 per year.

Local District Now Taking Annual School Census

Each school district in the State of Texas is required to take school census of all children between the age of six years and eighteen years as of September 1, 1963. The month of January is designated as the month that the census must be taken.

The Hamlin Schools have begun this task and will appreciate the help of all parents in the community.

The six year olds who are not going to school but will be in school next year are the children most difficult to enumerate for the school census.

Parents who have children that fall in the above category, please help get your child on the census. It is necessary for the six year olds be on the census before they can attend school next year.

Rev. T. M. Harrell Accepts Pastorate of Kennedale Church

Rev. T. M. Harrell, pastor of the North Central Baptist Church for nearly four years, has resigned to accept the pastorate of the First Baptist Church of Kennedale, near Ft. Worth. His resignation will be effective Sunday, Jan. 13. He and his wife and son, Don, will move some time next week.

The Harrells moved to Hamlin in April, 1959. At that time there was no parsonage. During Rev. Harrell's tenure, a house has been remodeled and made into a parsonage and much work has been done to the church plant.

The interior of the educational department of the main church building was remodeled and an adjoining building is nearing completion. The new structure will include classrooms, an assembly room, and bathrooms. The interior is of textured sheetrock. The exterior will be brick when completed.

An increase in the average attendance from the mid-70's to over 100 has been noted since Rev. Harrell came to the Hamlin church.

The church at Kennedale is located on Highway 287, near the city limits of Fort Worth. Their son, Don, is a junior high student here and has been a member of the cornet section of the band for several years.

The Harrells have two married daughters. One of the daughters, Mrs. J. W. Graham, Terry and Joel lived with the Harrells while Mr. Graham was serving time in the Army. The Harrells plan to move to Dallas next month.

Those in charge of the ticket sales are Edgar Duncan, John D. Ferguson, Fred Smith, Curtis Dodd, Joe Ford and C. L. Howard. Tickets are \$2.50 per person.

The program chairmen are Bob Craig and Melvin Scott. Donley Williams is in charge of the decorations. The Business and Professional Women's Club will prepare the decorations.

The food committee includes B. V. Newberry and T. C. Blankinship.

Dr. Newman was in Hamlin last spring to speak to the 1962 graduating class. He is a well known and popular speaker.

He has been president of Howard Payne College since 1955, going there from Waco where he had served as assistant.

ant to the president and later as vice president of Baylor University.

He has been successful, not only in the field of education and in the ministry, serving as pastor of several churches, but also in the business field. He is a former salesman and buyer for Palo Duro Furniture Co. in Amarillo. At the age of 22 he was sent on a buying trip to Chicago, Ill., and Grand Rapids, Michigan.

He and his wife, Estelle, have four children, three married daughters and a son, Guy D. Newman, Jr.

Former Resident Named Head of Amarillo School

Jim L. Kidd, former resident of Hamlin, and brother of Lonnie Kidd, has been named the principal of the new Caprock High School, a ten unit campus to open in Southeast Amarillo in September, 1963. His appointment was made by the Amarillo School Board at a meeting December 17.

At 34, Kidd is one of the youngest secondary principals in the school system. He has been with the Amarillo Public Schools for eight years and will continue in his present position as principal of the Bowie Junior High School, until the end of the current year. Previously he was an instructor at Austin and Nixon Junior high schools and Amarillo High School. Also, he served as high school principal at Morton for two years.

A 1947 graduate of Hamlin High School, he holds a bachelor of fine arts degree and a master's in education from the University of Texas. He also attended San Angelo College and West Texas State College.

HAMLIN LIONS CLUB TO HOLD LOCAL MARCH OF DIMES DRIVE

Plans were made at the noon luncheon meeting of the Hamlin Lions Club for the annual March of Dimes drive to be held here during the month of January. President James Jesse announced that the club's board of directors had agreed to sponsor the project in Hamlin this year.

Jesse appointed the various

Many Area People Have Checked on Social Security

364 persons in and around Hamlin took pains in 1962 to find out for sure about their rights and responsibilities under social security, according to Mrs. Fay Ford, field representative from the Abilene district office who visits Hamlin regularly.

Mrs. Fay Ford knows the above because she had that many personal interviews with her 1962 visits, with 101 claims applications for retirement, disability, or survivor benefits being filed with her.

She suggests that every person past the age of 62 who has not already checked up on potential social security checks, as well as those of any age under 65 who have become so severely disabled that they are unable to do any substantial gainful work, make certain to see her on one of her future visits here. The next such visit will be on January 22, 1963, at 10 o'clock at the Fire Station.

It will be on January 22, 1963, at 10 o'clock at the Fire Station.

HAMLIN AND JONES COUNTY EACH SHOW 3 PER CENT GAIN IN BUSINESS POPULATION IN 1962

Business Population in Jones County up 3 per cent.

Today, Mr. A. J. Hemphill, district manager of the Fort Worth office of Dun & Bradstreet, Inc., announced statement requests were mailed to 349 businesses in Jones County. He said figures obtained from a physical count of the Dun & Bradstreet Reference Book for January, 1963, totaled 349 manufacturers, wholesalers, and retailers in this area as compared with 339 in January, 1962—an increase of 3 per cent for the period.

According to Mr. Hemphill, each January business concerns in all parts of the United States are asked by Dun & Bradstreet for copies of their financial statements. This year requests are being sent to approximately three million business concerns—to the corner grocery store worth a few thousand dollars as well as to businesses worth millions.

The Dun & Bradstreet Reference Book lists those manufacturers, wholesalers, and retailers who seek or grant commercial credit but it does not include some of the service and professional businesses such as beauty and barber shops, security dealers and real estate brokers. Therefore, the figures for total business in the United States would be higher than the three million quoted above.

During the past year, Hemphill added 276 changes were made in the Dun & Bradstreet Reference Book Listings of Jones County businesses, in-

cluding 77 names added, 73 names deleted, and 126 changes in the ratings of continuing businesses. The changes occurring in Jones are lower with the rest of the country where a change of business significance is counted about every five seconds.

Using the Dun & Bradstreet Reference Book listings as a guide, it is interesting to review what has happened in the principal Jones County communities during the past year:

	Jan. '63	Jan. '62	%
Anson	78	74	5
Avoca	6	5	20
Hamlin	93	90	3
Hawley	5	6	-17
Lueders	21	19	11
Stamford	146	145	1

Mr. and Mrs. Juan P. Barrera are parents of a baby girl, Maria "De" Jesus. She was born January 2 and weighed 6 lbs. and 4 oz. Grandparents are Guadalupe Villa and Esteban Barrera of Old Mexico.

Mr. and Mrs. Pete Batello of Aspermont are parents of a new baby girl. She was born in Hamlin Hospital January 8 and weighed 5 lbs. and 11 oz. Grandparents are Hazelle Fountain of Edina, Mo., and Treasa Batello of Donna, Texas.

Mr. and Mrs. Peter Gonzales of Tuxedo are parents of a baby boy, Shieffred. He was born here January 6 and weighed 7 lbs. 14 oz. Grandparents are Innocencio Misesel and Adolfo Gonzales, both of La Villa, Texas.

When the owner or officer of a business enterprise or his accountant, fills in and mails his financial statement to Dun & Bradstreet, it becomes a part of the credit report on his business and a factor in determining the credit rating of his business. Mailing the statement, rather than waiting for the Dun & Bradstreet reporter's call means a concern's important suppliers will quickly have the latest facts on which to make credit and sales decisions. When the Dun & Bradstreet reporter receives a business man's financial statement in advance of his periodic call, he can make a more detailed analysis of the financial condition of the business and discuss its operation more intelligently.

Back of each listing of a business in the Reference Book is a Dun & Bradstreet credit report. The report includes the following: a history of the business (who owns it, who runs it, and how long it has been operating); a description of what the business does and how it does it; a financial section which usually includes the latest financial statement; and a record of how the business pays its bills.

While credit reports are primarily used by business men who want to evaluate the credit risk of a business before buying or selling, insurance underwriters also use credit reports to review risks, rates and coverage for fire and other types of insurance.

Billy Graham To Speak at Evangelism Meet

Famed Evangelist Billy Graham will be the principal speaker for the annual Texas Baptist Evangelism Conference, slated Monday through Wednesday, Jan. 14-16, at Dallas.

Peak attendance is expected at the Wednesday night session when Dr. Graham will speak.

TELEPHONE TALK

by Roy Eury, Manager

AND NOW IT'S 1963

Do you ever get the feeling the years are going by faster than they used to? Seems as if I'd hardly become acquainted with 1962 when 1963 came barging in.

Personally, I'll miss 1962. It was a good year, but I know in time I'll get to know 1963 and like it just as well. A new year, like a new pair of shoes, takes some getting used to.

LOOKING BACK

In the telephone business, there's not much time for looking back. There's too much ahead.

Still, I'd like to tell you a few highlights of 1962 as I saw them from my job with Southwestern Bell.

The most spectacular telephone news in 1962 was— you guessed it—Telstar, the world's first active communications satellite. If ever there was a doubt about which nation leads the world in modern communications—Telstar settled that issue with a bang.

Not all telephone progress in 1962 was as dramatic. Many unspectacular—but vitally important—advances were made in providing you with better service.

For example, we worked hard on stormproofing the long distance network by placing more telephone cables underground and using more microwave radio relay. This helps us beat the weather by providing insurance against breaks, leaks and other malfunctions.

Another project was our cable "pressurization" program. Dry air is pumped through telephone cables and helps keep moisture out if a cable develops a leak. Also, the reduced pressure helps us spot the trouble and fix it—usually before it affects your service.

Another big improvement in 1962 was the addition of many tiny voice amplifiers to our telephone lines. These "voice boosters" put new pep in your phone. Whether you telephone across town, across the state or across the nation, your voice comes through clear and strong.

In Hamlin, telephone progress was made in 1962 with the addition of 397 more telephones here. This means you can now reach more people with your telephone—making your service more valuable to you than ever.

ONE LAST THOUGHT . . .

Our never-ending goal is to improve your telephone service and make it more valuable to you. And a happy 1963 to you from all of us at Southwestern Bell!

Call by number. It's twice as fast.

CONQUER THAT
HELPLESS
FEELING

At this time we are living in a world full of tension. Fears of nuclear war are with us every day. In times past, men have made one of two choices . . . to rely on their own abilities . . . or to do what they can and place their lives in the hands of the Lord. The Bible tells us how men fared with the choices that they made. The strength of God is sufficient for all our needs, and men who humbled themselves and trusted in God always fared better. Let us judge our future by the past and rely on God for our needs.

ATTEND CHURCH SUNDAY

©Coleman Adv. Serv., P. O. Box 4887 Dallas, Texas

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

perment for a "Dutch Treat" Luncheon with the Aspermont members as hostesses. There were twenty members present from Aspermont, Old Glory, Rule, Munday and Knox City. Mrs. Thelma Smith was program director. Presentation of "Famous Women" was most enjoyable as the members each did a charade, skit, or gave clues for their character and the other members guessed her name. Mrs. Alice Partridge conducted a "Quiz Study" of the Constitution. Mrs. Mary Martin led the group in the singing of two songs. President, Mrs. Maxine Klump, presided and secretary, Mrs. Sudee Cash read the minutes. The next meeting will be February 2 at Munday.

The condition of Mrs. Ashborn who is in a hospital in Wichita Falls is much improved according to reports. The community misses Mr. and Mrs. Ashborn. Mr. Ashborn, though almost blind, has been an avid gardener and his potato crops have been the envy of his neighbors for years.

FAIRVIEW NEWS

Another new year has rolled around since writing the news last time. The old one with all its joys and troubles is past history, what the coming year holds for all of us is anyone's guess, all we can do is live in anticipation of something good. Never hoping for the bad things, even though they do come our way sometimes.

The farmers are still very busy pulling cotton, although some have completed harvesting their crop. Some made a good crop, some made a fair crop and some made one like Mr. Joe Ford. He reports that he had his cotton stripped last week and carried 8872 pounds of cotton, or bolls, to the gin and only got nine hundred pounds of lint, and that was a big part of his whole crop. It looks like that boll weevil that was looking for a home, must have really brought his family and moved in on him.

Mid week services at the church were resumed last week after missing for the Christmas holidays the week before. Although there were only eleven present, we had a good time singing any way. There may not be any Bing Crosby or even Elvis Presleys in our group, but we have fun doing what we can, and we all decided it sounded pretty good.

Rev. Derrel Lewis was in Lubbock last week and visited with Mrs. Lewis' father, Mr. J. W. Ray, who is in the hospital.

Mrs. E. A. Henry visited with Mrs. Elmer Joiner Tuesday morning. She was still up in the clouds over their very nice Golden Wedding celebration, held in Snyder the Sunday before.

Mr. and Mrs. Jimmy Joiner and children came over from Stamford, to spend New Year's with his parents, and to do some carpentering for his mother. They came back Saturday and spent the night, having finished the work that afternoon and night.

This reporter should be able to make a New Year's resolution that she won't add to or take out any thing else in her house this year, for after nine years of changing I do believe I am satisfied with the way it is now.

Mr. and Mrs. Winson Gray and Dorothy, ate lunch with the Woodrow Goodwins Sunday.

Mr. and Mrs. Mel Jones visited in Abilene Saturday night with their son, Mr. and Mrs.

Rebecca Ferguson, Kenneth Prewitt Plan Wedding

Mrs. Thomas Ferguson is announcing the forthcoming marriage of her daughter, Rebecca Ann, to Kenneth Bart Prewitt, son of Mr. and Mrs. L. E. Prewitt.

The couple will exchange wedding vows Friday, January 25, in the Chapel of the First Baptist Church.

A 1960 graduate of Hamlin High School, Miss Ferguson was active in basketball. Future Homemakers of America and was selected as Homecoming Queen. She attended Texas Technological College, Lubbock.

Her fiancé, also a graduate of Hamlin High School in 1960, was active in football, president of the Student Council and was named Football Hero.

Both are now enrolled in McMurry College in Abilene.

Henry Albrittons Win Bridge Meet

Mr. and Mrs. Henry Albritton were first place winners at the regular meeting of the Hamlin Duplicate Bridge Club Tuesday.

Second place winners were Dr. and Mrs. M. L. Smith with Mrs. Judy Russell and Mrs. Dan Galloway coming in third.

Everyone is invited to the next meeting Tuesday at 7:30 p.m. in the Old Mill Guest House. This will be Master Point night.

Texas Jaycees Awarded Plaques For Project

The Allstate Insurance Companies honored a state-wide organization and a well-known safety expert in Grand Prairie this week (last week) for their mutual interest and activity in encouraging better traffic safety for Texas. The organization was the Texas Junior Chamber of Commerce, headquartered in Grand Prairie, and Bill Leonard of the Southland Corporation, Dallas.

Allstate, represented by officials from the Houston and Dallas Regional Offices, presented Certificates of Commendation simultaneously to both Leonard and the Texas Jaycees.

By MRS. ELMER JOINER

Rex Jones and children.

Mr. and Mrs. Clois Henry and children flew over from Snyder Sunday afternoon to

visit with his parents, Mr. and Mrs. E. A. Henry. Mrs. Mary Sue Henry of Rule, also was a guest, having come to eat lunch with them.

Rev. and Mrs. Derrel Lewis and children also ate lunch with the Henry's Sunday.

Sunday afternoon, the Lewis family, Goodwins and Grays all attended the singing at

Hanna.

Visitors in church Sunday morning were, Mr. and Mrs. Jackie Nichols and children, from Tye, accompanied by his mother, Mrs. Hester, who was visiting them from Arkansas.

News cut this way is very scarce as about the only news one had was going to the gin and back or stripping cotton.

It is good to have it to gather, but all will be happy to finish the chore.

Fairview church has some very undesirable occupants, the coons have taken up abode in the attic, and are making a nuisance of themselves. Sunday night a committee was elected to investigate the possibility of getting rid of them, so if

you have any good coon dogs or know any way of getting rid of them contact Fred Rosenbaum, he will be glad of your help. Seriously, they are proving a problem and unless they are eradicated and the places they enter are fixed, there is no telling how many will finally be there.

We are sorry to report that

Mr. Wainwright at last report was not doing as well. It was considered bringing him home until he took a turn for the worse, so they had to abandon the idea. He has been begging to come home, but when we are all we don't always know what is best for us. Our sympathy as a whole community, goes to him and his family.

Texas teachers leave the profession at the rate of 6,000 per year.
